All That Glitters Is Gold

"All That Glitters is Gold". Many meanings can be read into this statement. The yearbook staff has chosen to highlight achievement for several reasons. The most important reason is the fact that achievement is the most important ingredient in any education-facility. Achievements, whether they be large or small, provide an important source of self accomplishment for

most students. As one achieves goals, he becomes inspired to accomplish more.

The glittering achievements of Hopewell-Loudon students are many. In this yearbook, our goal is to highlight these achievers and inform the enrollment as well as the community of their very fine accomplishments.

A touch of the old method of farming.

The mighty chief watches over his territory.

Mother Nature has given us a touch of winter.

Maybe this road will lead to a pot of gold.

Twenty-eight years ago, this bell marked the golden opportunity for people in this area to attend a new Hopewell-Loudon High School.

Shining Through Another Year

The date is August 27, 1984. To some this is just another beautiful day but for others this is something special. The first day of the 1984-85 school year. Each student feels something different on this day. For the seniors, this will be the last year of high school. For many others it takes a year off their graduation countdowns. For some it marks the beginning of high school, junior high, or even elementary. No matter what the reason there is excitement and anticipation in the air. Old friends

share summer time experiences new friends are getting acquainted. Many students welcome the new school year while others shrug it off as just another year. Although each year is different and the schedules change along with friends and classmates, several things stay the same. Such as, the building, with its new look and the friendly faces of the staff and administration. Most of all, the memories created during this year will be carried by the students for years to come.

Part of every student's day involves sitting in one of the many chairs throughout the school.

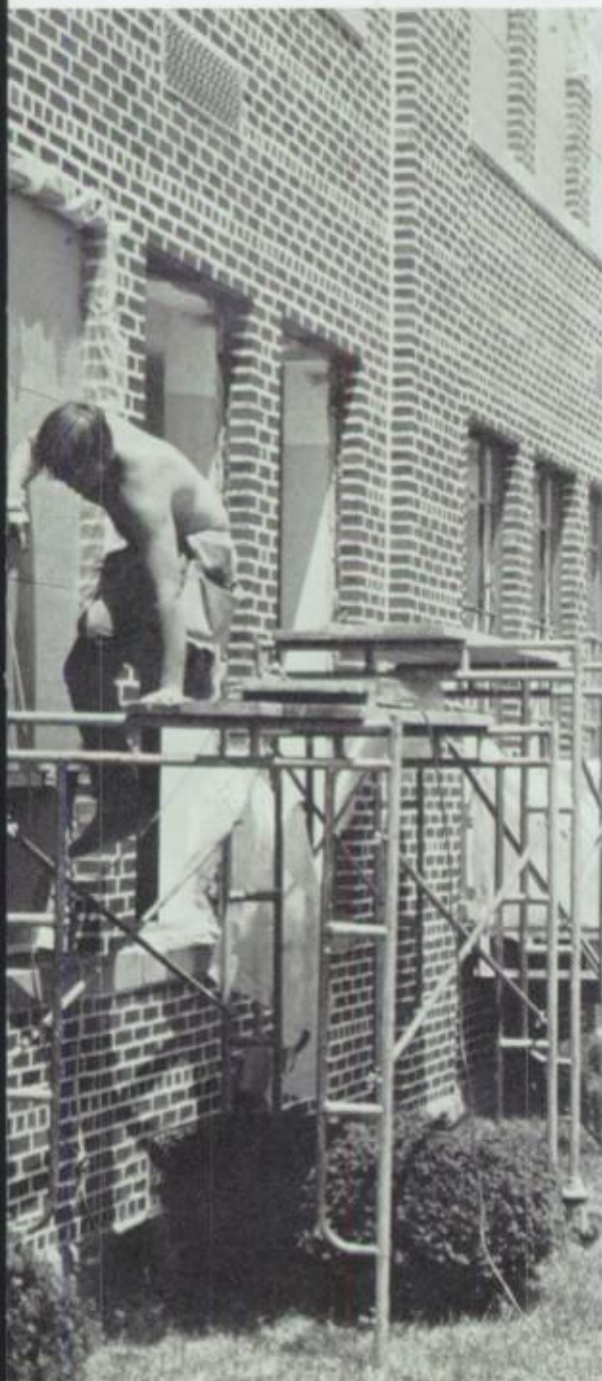

Cooking is most important to many home ec students such as Sara.

The new year brings new challenges for Jason.

During band Jon and Tim put their heads together to learn a new piece of music.

Letters keep Matt in touch with his friends.

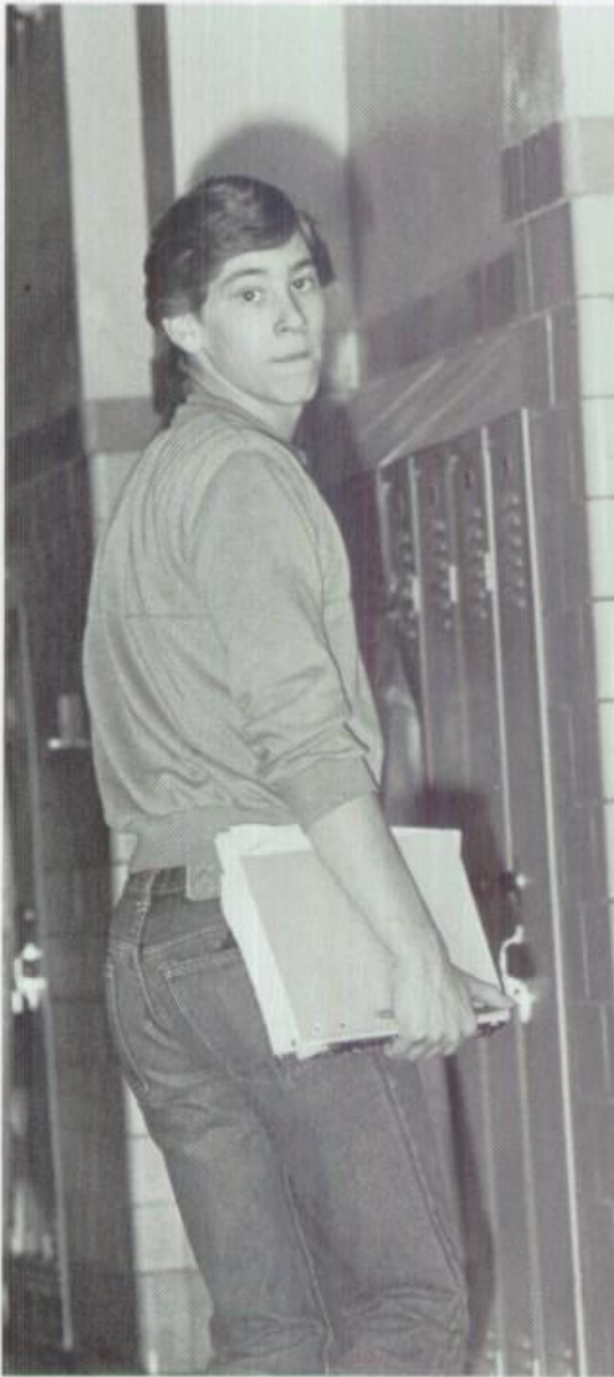

In the library, Brenda finds it hard to believe that she is finally a senior.

One's locker becomes a temporary home for many students, so they make it look like home.

These two men working hard during the summer give the school a new look.

The facelift that was done to the school has made the school more efficient.

Using the basic items for the school year Shelly cracks the books for another hard year.

Study halls are for studying but a little pleasure can be mixed with business.

Getting lost and being late the first day of school is typical, even for Ray.

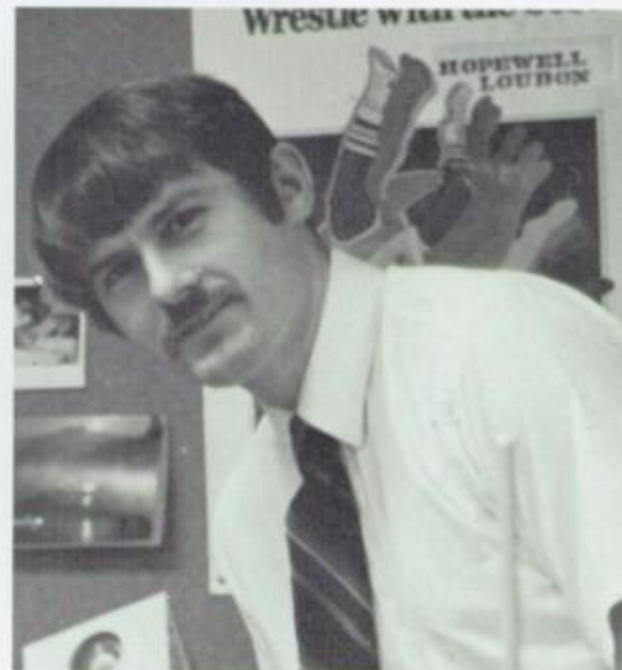

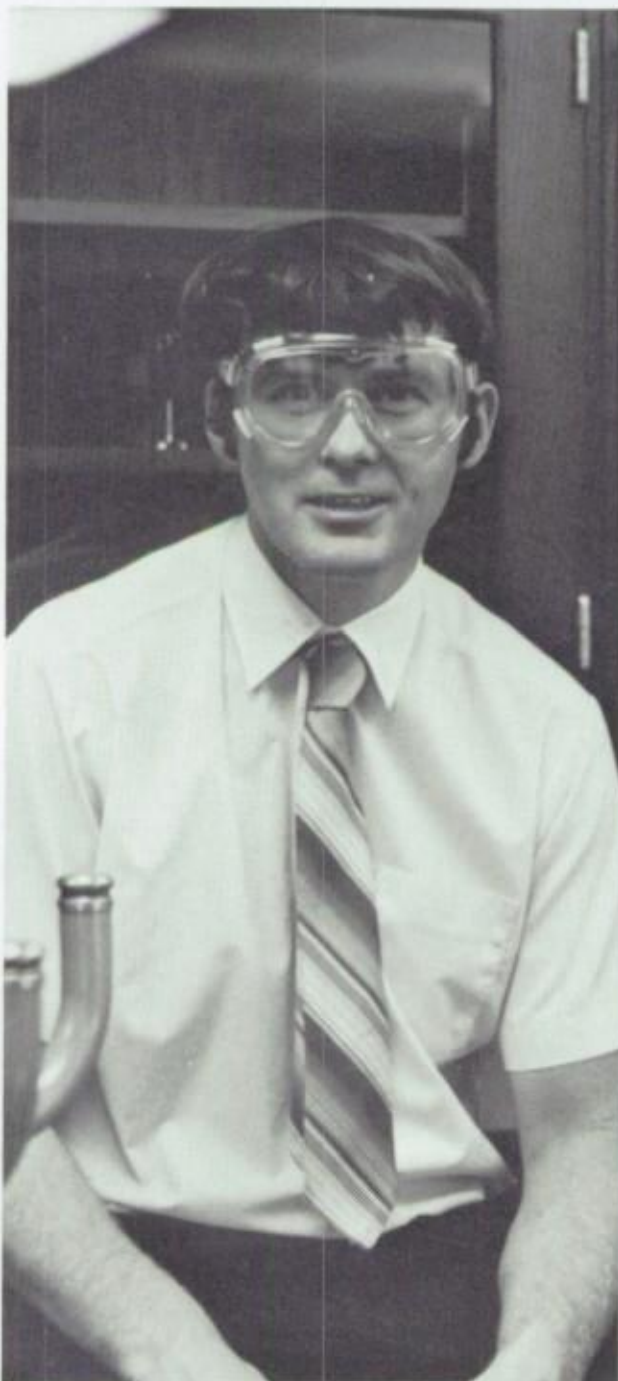

Since this is her last year, Karen sets off to do her best in all her studies.

Starting off another year in sports is all part of Jenna's school life.

A smile is the best way to start off anything, including a new school year.

A Heart Of Gold

The job of a teacher encircles many jobs. Most teachers must be typists, speakers, advisors and supporters on top of their work as educators. Teaching is an awesome task and few do as well a job as the person this book is dedicated to. This person has been at H-L for a number of years and it seems to most students that he knows a little bit about everything. He can inform a student about anything from Einstein, to Archimedes, to who played who on old T.V. shows. Above and beyond his education, he provides much more for the students of H-L. He provides an example of what is good and honest. He has projected an image that has won him the respect of his peers as well as his students. We, on the yearbook staff, find this trivia buff truly deserving of this award in that he continues to uphold old fashioned traditions and ideals, but still has an open mind about the present and future. That is why we have chosen the head wrestling coach and science teacher (alias Dr. K), Dean Kirian as this year's winner. THANKS for everything Dr. K!!!

Mr. Kirian and Miss Hunt enjoy some camera fun.

Mr. K displays the correct way to wear protective glasses.

A friendly expression from Dr. K.

A physics experiment is tried.

Explanations always comes easy for Mr. Kirian.

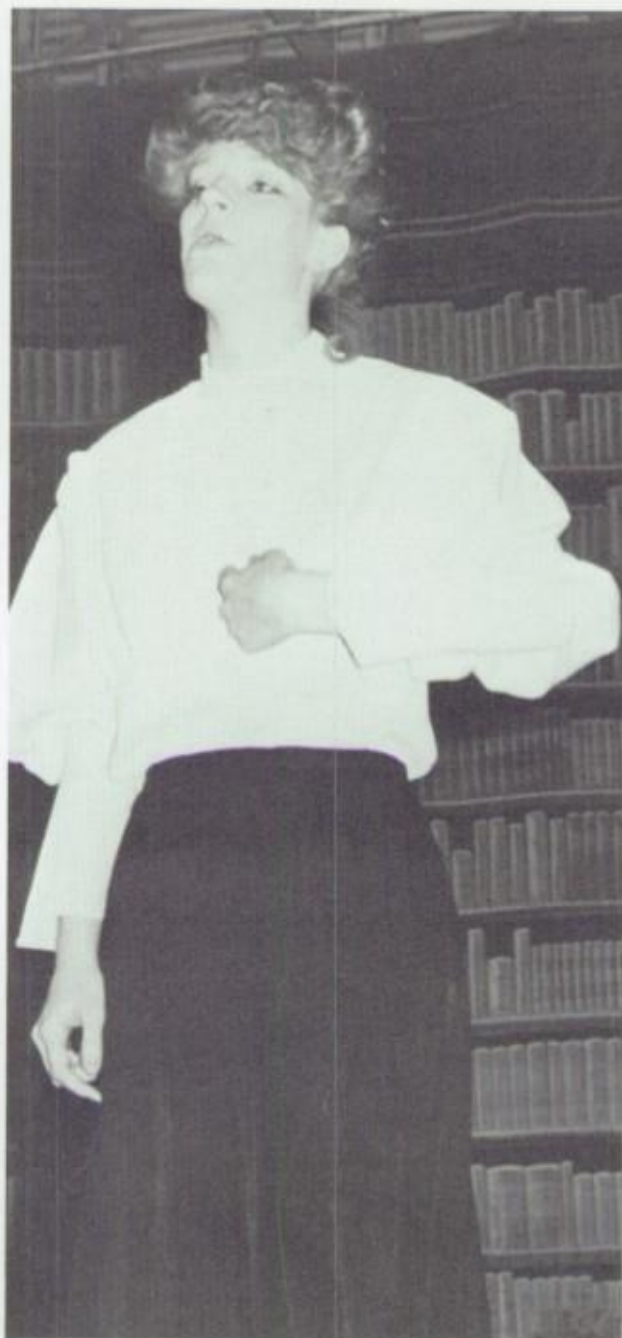

Bringing in a special assembly was just one of the activities Mr. Kirian planned for the school.

My Fair Lady

Much preparation and work went into the Hopewell-Loudon production of "My Fair Lady". Rob Wilkinson as Henry Higgins and Vicki Thom as Eliza Doolittle really shined as the leads. Other fine performances include: Tom Weaver as Colonel Pickering, Jane Farney as Mrs. Pearce, Joe Coleman as Alfred P. Doolittle, and Jon Jump as Freddy Emsford-Hill. By the end of this comedy-musical, Eliza Doolittle can speak perfect English- ' thanks to the careful attention of Henry Higgins. All in all, the musical was very enjoyable and fun; with fine performances by all.

"Just you wait 'Enry 'Iggins!" sings Vicki Thom as Eliza.

Music

Under the expert supervision of Miss Plassman, the choir has continued its fine tradition of excellence this year. In competition the Hopewell-Loudon Senior Choir received a I at District and a II at State Contest.

In the summer of 1984, the choir saw several of its members bestowed with a special honor. Jon Jump, Tom Weaver and Shelly Durst were selected as members of the Ohio State Fair Youth Choir. All enjoyed this learning experience.

Achievement speaks louder than words and as you can see, the choir has been making their voices heard this year.

Band

The band in recent years has been one of the strongest bands in the county. Once again this year, the Hopewell-Loudon High School Band made a contest-wide sweep, receiving I's in both District and State Competitions. These students are under the careful guidance of Mr. Frank L. Zurlo, who also has a fine record of achievement at Hopewell-Loudon.

The band received a special honor this past summer, also. It saw two of its members, Tammy Cobb and Jill Steinmetz, attending State Fair Band. These young ladies felt that this was a rewarding and growing experience. Good luck to the band for future success.

A Golden Opportunity

How would your parents react if you rented the house to boarders while they were away on a business trip? That is exactly what happened in the Senior Class Play, "Boarding House Reach".

Wilbur Maxwell (Jon Jump) wants a bicycle because at 13, he feels he is old enough to have one. His parents, John and Janet (John Oleson & Karen Schriener) seem to disagree.

Wilbur knows he has to figure out a way to make the money to buy the bicycle when the "Golden Opportunity" arises. When Mr. & Mrs. Maxwell are called away on a business trip, Wilbur and his friend Hercules Nelson (Jim Anderson) rent the house to boarders for \$20 a week.

The boarders enter in one by one, much to the dismay of Wilbur's sisters Connie & Betty Lou (Jane Varney & Lori Fox) who have to take care of them. Betty Lou gets her best friend Bernadine (Brenda Haugh) to help with this unique group of people.

Wilbur's Aunt Mary (Dawn Whitman) is certainly surprised when she comes to visit. She meets several of the boarders, including Lucy Burns (Mona Sayre) who spouts off useless facts throughout the play, and Mrs. Mott (Michelle Kotnik) who never says a word, but keeps popping in and out.

Mr. & Mrs. Maxwell return early from their trip to find Mr. Potter (Kyle Hohman) lying on the couch. When they call for the kids, two other boarders reply with rude comments as Limpy McGuire and wife Nora (Tim Souder & Jill Steinmetz) enter to see who is making all the noise. These two characters are thieves hiding out in the house. To add to the confusion, Herman "90 Volt" Jones and his wife, who is a female wrestler, Roughhouse Ruby (Aaron Keckler & Karen McKinney) are awakened and get involved in the nightly disturbance.

The plot thickens as the police get involved, Limpy and Nora, pay Wilbur with stolen money, which is traced back to the Maxwell House. Along with the police and their toughest detective, Connolly (Jeff Craft) try to find out who the money belongs to. Limpy and Nora plant the money on Mr. Maxwell, and he is arrested as Habeas Corpus Malone.

Wilbur and Herc devise a plan which backfires. Connolly enters and catches Limpy and Nora, Mr. Maxwell is freed and his business deal is successful. Wilbur is a hero and gets his bicycle.

During the Senior Class Play Lucy Burns, played by Mona Sayre, spouts off useless facts.

Mrs. Mott played by Michelle Kotnik, sits and looks around, but never says a word.

Jimmy and Jon, who play Hercules and Wilbur respectively, were teen friends trying to hide from Wilbur's father.

Lori Fox, who is playing Betty Lou, is talking on the phone enthusiastically.

Seniors Sparkle

The Class of 1985 has been very busy this year with money making projects, academics and extracurricular activities. Some senior money-making projects included working at concession stands, selling cheese and sausage and a consignment bake sale. The seniors did these and many other projects to go to California in the spring. Seniors also made outstanding achievements academically. These included Jim Anderson and Brian Huss who were honored by National Merit Scholarships. The seniors were ready to meet the challenges of adulthood thanks to the excellence of Hopewell's teaching staff and the overall environment of the school. good luck seniors, on a successful future!

Out To Sun

The seniors worked all year with one goal in mind, to go to California on the senior trip. The quest for fun in the sun came true on March 27th. Arriving at L.A. International Airport the excitement grew. Concluding two interesting tours of the Queen Mary and the Spruce Goose the students were taken to the Anaheim Marriot to settle in and have supper.

The second day consisted of a very stormy, rough ferry ride to Catalina Island. Everyone enjoyed the island and filled up with dramamine before the dreaded return trip. The next day was a trip into make believe with a tour of Universal Studios, and an NBC taping of *Body Language*. For the movie buffs on the trip, this was the biggest highlight.

Saturday was when everyone let their hair down, and became children

again with a trip to Disneyland. All enjoyed this trip into the fantasy world of Walt Disney.

The next day saw a tour of L.A. including China Town, Beverly Hills and Rodeo Drive. In the evening, the students let their sophistication shine through and attended the Harlequin Dinner Theater play *Wally's Cafe*.

Two hotels later, the students found themselves in San Diego. This day provided a little history with a stop at Mission San Juan Capistrano. On Tuesday, the seniors bussed into Tijuana where they took advantage of the good prices. Broke and ready to come home the seniors boarded the plane out on Wednesday. Upon arrival at the school, the tired students were reunited with their families with a heart full of memories.

Graduation Gold

The date is May 31, 1985. The time is 7:00 p.m. As the class of 1985 gathers at Hopewell-Loudon High School for the last time the excitement grows.

Robes and hats are put on with precision as the room turns to a beautiful arrangement of reds and grays. The final decision to throw caps is quickly whispered throughout the crowd. In the auditorium friends and families gather to witness the passing out of diplomas. Speakers speak of goals and achievements and place a challenge on

the graduating class to strive to be better.

Upon graduation friends and classmates separate to pursue their dreams and challenges. Some graduates will serve in the armed services, go onto college or obtain a job and work. The first reunion will show the gains and rewards of the last 12 or 13 years of work. The tears and goodbyes that have been shared on this day will soon turn into golden memories. Congratulations to the Class of 1985!

Math

Math is a subject that is stressed in both high school and college. Hopewell-Loudon is very proud to have a strong math department. Along with the curriculum taught by all our math teachers, there are several special events that take place throughout the year. H-L has students place high on the G.T.C.T.M. test each year and the computer team does well also. By having this strong math department students leaving Hopewell-Loudon to enter into college or the job market will have an advantage.

English

English is one of the most important subjects taught in high school. It provides the basis for advancement in any career, through better communication and self-expression. English also provides exposure to literature and great authors, which are important to college-bound students.

Through the efforts of Mr. Herge, Mr. Vallery, Mrs. Stoner and Mrs. Crandall, the H-L English department has flourished and those graduating have a better start in the world.

History

The Social Studies department at Hopewell-Loudon has excelled this year. Through the hard work of Miss Cramer and Mr. Smathers, the students not only learn about history but have fun doing it. One special event that occurred in the junior high was the court trial. Some special events that have occurred in the high school history department include; the annual Americanism Seminar, Free Enterprise Essay Contest and the special projects that were done and put on display outside Mr. Smathers room.

The H-L Social Studies department has achieved many things this year and the students and faculty can look for great things to come.

Science

The interesting field of Science is one in which much change takes place. New experiments and the continuing research make for growth and expansion in this field.

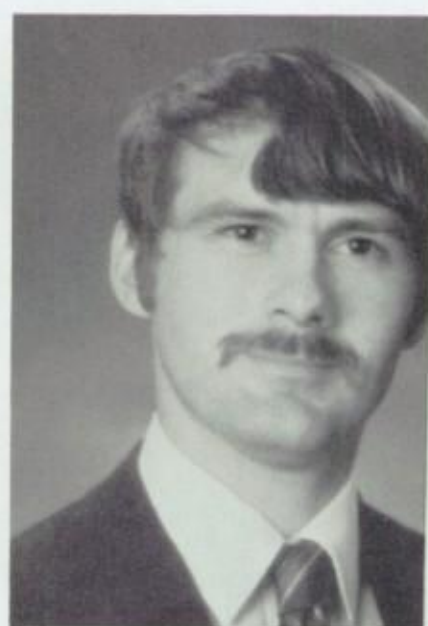

The Science Department here at H-L is one of excellent quality. Mr. Kirian, Mr. Scaife, and Mr. Jacobs have kept on top of the latest developments in their individual field. We are given the most recent knowledge and facts available.

Through their guidance and supervision we experience techniques and examine the "whys" and "hows" of plants, animals, and chemicals.

We have a great start towards the developments of tomorrow with the help and education given to us right here at Hopewell-Loudon.

Business

One department that really shines at Hopewell-Loudon is the business department. Under the careful guidance of Mrs. Bodart and Mrs. Rouser, students learn the necessary skills to take them onward into business careers. Mrs. Bodart teaches many of the business and economic classes at Hopewell-Loudon. Mrs. Rouser is the secretarial expert at H-L. She teaches the secretarial course, including typing and shorthand. Through the hard work of these teachers, H-L has a strong business dept.

Ind. Arts/Vo.- Ag.

Industrial Arts and Vocational Agriculture are one of the many classes offered at Hopewell-Loudon. They are important because they help to increase the variety of courses a student can take. These classes offer a person to develop and make products with his or her hands. Under the supervision of Mr. Hawk and Mr. Hayes the H-L student has a chance to shine.

Art

Many of the Hopewell-Loudon students have found art class a rewarding challenge. They have set challenging goals for themselves, in which they learned several new art techniques. Through this experience in art class, they have found it easy to express themselves through their work. Many of the art students participated in art shows, where they have won many outstanding awards. We should all be proud of the way these students have represented H-L and themselves.

Foreign Language

The students at Hopewell-Loudon have a unique experience through the student exchange program. In the past, we have had many foreign exchange students visit our area. Again this year, we had the pleasure of meeting and becoming friends with two German girls. Learning about life in America was filled with many surprises. Our culture, history and everyday life was a new experience for them. We will never forget all the fun and the tears that we shared during their brief visit to H-L. Britt and Ilona will be remembered most for their smiles and personalities.

Physical Education/Health

One department at Hopewell-Loudon that has been very successful and outstanding throughout the year is the physical education/health/weightlifting departments. The phys. ed./health curriculum saw a change this year. Instead of alternating phys. ed and health daily, it was decided that students would benefit by taking phys. ed. one semester and health the other. Weightlifting is also something that is fairly new to H-L this year. Many students pump iron after school in the weight room. Through Coach Travellene, phys. ed. and health students are in much better shape.

The Home Economics department at Hopewell-Loudon is without a doubt one of strength. Under the carefully prepared guidance of Mrs. Smith and Ms. Hackman, students in the Home Economics curriculum can expect many challenges.

Some of the challenges the students faced this year included making cabbage patch doll replicas, the Dining for Pleasure restaurant and the senior class playschool. All of these required organization and long hours of preparation, which in turn led to the successful outcome of all three.

The success of the Home Ec department and the originality of the teachers combined with the students, the department has a bright future.

Library/Media

Library/Media is one of the most useful and important places in the school. It is used by students to work on term papers, science projects and for entertainment. Recently the library has undergone renovation. New shelves will be put in during the spring of '85 and many of the books are being updated and out-of-date books will be removed from the shelves. The students can look for an improved library next year.

Library Aids: Front; J. Lones, T. Arbogast, C. Lones, Middle; A. Kreias, J. Steinmetz, M. Sayre, M. Kotnik, L. Engle, Back; K. Brickner, A. Lorah, K. Babb, J. Colman.

Guidance

What is National Honor Society?

Character is defined as having integrity, a positive behavior, cooperation, and ethics.

Leadership is defined as proposing new problems, applying principles, and making suggestions. Members promote school activities, uphold school ideals, help improve civic life, and inspire positive behavior in others. Academic initiative is also stressed. National Honor Society members are also reliable and dependable.

Service pertains to the volunteered assistance and the participation in community activities. They also represent the school in the community and courtesy should be shown by members to visitors of the school, teachers, and fellow students. Scholarships are a cumulative average of grades for aca-

demic eligibility.

Planning to go to college?

A good place to start would be the guidance office. Miss Matsick will be able to help decipher all those impossible forms necessary for college admission.

Miss Matsick is also a source of information about financial aid such as scholarships, grants, and loans. She can also help you choose the type of courses which will prepare you for a college curriculum during your high school years.

Miss Matsick will also be able to give you a registration packet for the ACT and SAT, which are required for college.

Preparing for college is an overwhelming experience. We are glad to have a great guidance counselor to help us with the mind-boggling process.

Juniors Glitter

Under the creative supervision of class advisor, Mrs. Painter, the junior class has achieved many successes this year.

The juniors were the winners of the spirit trophy for their participation in the activities leading up to the homecoming game. The juniors were busy all year raising money for the prom and for their senior class trip.

The juniors are well groomed for their role as seniors next year. This class has set high academic standards for themselves during their high school years.

"I slipped," says Chad Helms as he slid on loose stones and took out the flashing light on County Road 7.

Several of these basketball fans are some of those rowdy seventh graders cheering their team on.

Some may think this school is a type of prison but soon they will realize this place will be a part of their golden memories.

ALL THAT GLITTERS IS

What A Year!!

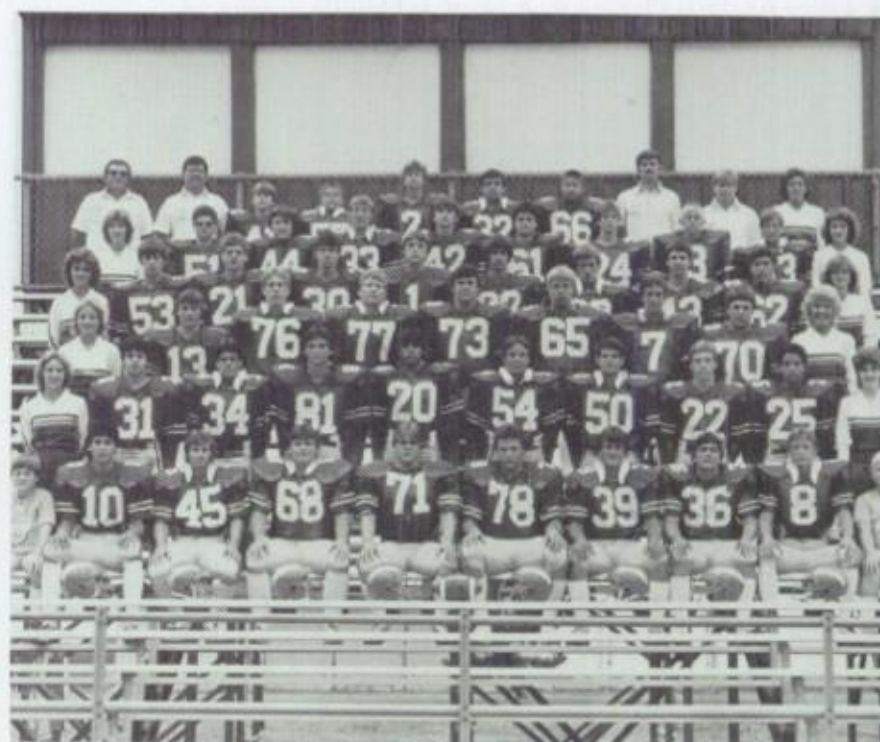

Left to right: Coach Steve Mays, Coach Bill Fries, Coach Dean Kirian, Coach John Trevelline.

Several Chieftains cheer their fellow teammates onto a victory.

Senior, Jeff Craft, carries the ball through a narrow miss made by a Ranger player.

Seniors: First Row; J. Craft, E. McCormack, G. Woods, M. Masella, J. Anderson, D. Bouillon. Second Row; B. Schalk, A. Keckler, S. Wingart, R. Feathers, J. Brown, R. Brickner, J. Oleson, B. Hedrick.

First Row; J. Craft, M. Masella, G. Woods, E. McCormack, J. Brown, B. Schalk, B. Hedrick, A. Keckler. Second Row; D. Bouillon, S. Wade, R. Feathers, S. Wingart, R. Brickner, J. Oleson, J. Nugent, J. Sixth Row; Coach May, Coach Fries, J. Park, K. Brickner, J. Varney, B. Anderson, J. Hoffmann, Coach Kirian, Coach Trevelline, L. Frankart.

Outstanding talent and exceptional fan support led the Chieftains to a 7-3 record. Several items made the H-gridders stand out above the other area squads. An unbeatable spirit, and a great deal of pride was instilled in the players by what was termed, "The Best Coaching Staff in Years". To add to the fire, the H-L squad won Homecoming against Northwood and beat rival S Wendelin.

Girls' Cross Country

The girls cross country team had a fine undefeated season. The girls were 6-0. This is a new school record! The girls also placed second at three large invitationals; Riverdale, Fostoria, and Lakota. First place in each of these invitationals went to Liberty-Benton which finished 1st in the state in girls cross country. The girls placed fifth overall in the tough Tiffin Cross Country Carnival. During the season H-L competed against many fine cross country squads who were entered in the invitationals. The Lady Chieftains defeated Fostoria, Colonel Crawford, Mohawk, Bettsville, Fremont St. Joe and St. Wendelin. Tina Arbogast set a new school record of 20:18. Congratulations Chieftains and Coach Smathers for a truly spectacular season of individual and team effort.

The girls are off and chasing another victory!

Most Valuable	Tina Arbogast
LSC Honors	
1st Team	Tina Arbogast
	Michelle Kotnik
	Amy Fetzer
	Phyllis Arbogast
2nd Team	Wanda Arbogast

Golf

The varsity golf team achieved a great number of first places this year and it was no easy task. They were very strong in their district, which produced the first and second place state finishes. The H-L linksters also placed runner-up in sectional competition. Closer to home, the H-L golf team compiled a record of 35-19-1. In the process, they broke the school record by three strokes, firing a 153 for nine holes.

On the individual scene, Brian Huff stood out with several achievements. He tied the individual record of 32 for nine holes and broke the record for lowest nine hole average with a 36.6.

The junior varsity, of hard working younger players, had an undefeated record of 8-0.

Hard work and consistency paid off for the team this year and best wishes for successful years to come.

Volleyball

Continuing a winning tradition . . . this was a goal on the mind of every volleyball member this year with a record of 23-2. Our Lady Chieftains resumed where they left off last year by dominating the SCL and the LSC with skill and teamwork. Their SCL record was 7-1, which resulted in a tie for first place finish. Our team also spiked their way to an impressive 12-0 record in the LSC. A tough late season loss to Old Fort led to an LSC co-championship with them. The next step was into tournament play. Our team came away with the Class A Sectional title. They then bumped onto a District Championship. This outstanding feat advanced our team to the Regional Competition. Unfortunately, our team was defeated by a tough Black River team. This accomplishment was the furthest any Hopewell-Loudon volleyball team had traveled in tournaments. They were 8-0 in the SCL and 12-0 in the LSC this year. Their overall record was 21-0. through hard work, determination and a great sense of pride our teams can say they have achieved their goal. Best of luck for the continuing Hopewell-Loudon winning tradition.

Going Places

Basketball has always been a strong tradition for Hopewell-Loudon. The girls varsity basketball team completed yet another successful chapter this season.

Outstanding efforts were put forth from each player during each game. The continuation of this success is due to both determination and a great coaching staff.

An undefeated season was shattered by a hard fought 10-point loss to a very powerful team from Danbury-Lakeside. The Chieftains did not let that loss spoil their outlook on the season as they returned to the winning track. Best of luck to the returning members who will carry on this fine tradition.

Boys' Basketball

Starting the season out on a rough note, the Boys' Varsity team turned the tables. A long winning streak, which included an intense victory over St. Wendelin, helped our guys get back on the winning track. Our Varsity has shown that youth and experience go hand-in-hand at Hopewell-Loudon. With his advantage, our team used good sportsmanship while they went after the gold.

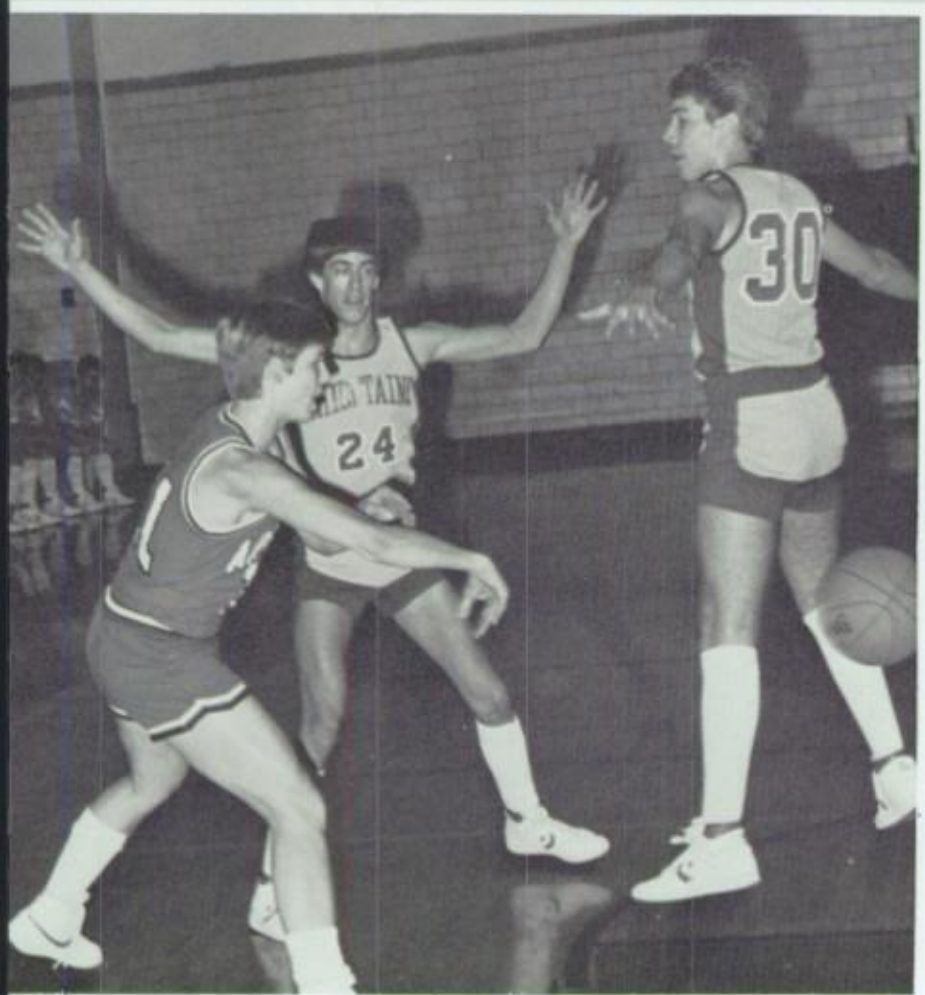

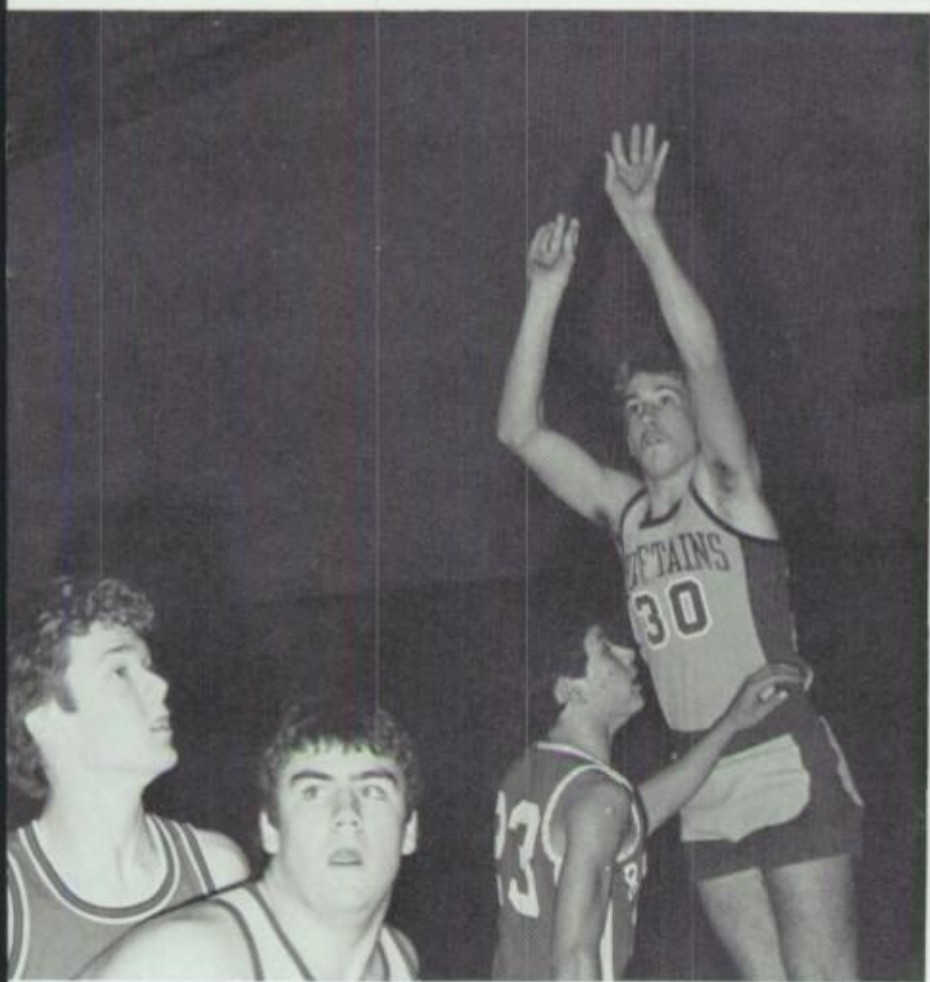

The team eagerly listens to Coach Herge's advice.

Boys' Reserve Basketball: M. Rumschlag, R. Arbogast, C. Fruth, R. Frank, D. Hossler, J. Clouse, D. Potteiger, D. Coleman, K. Ardner, K. Hohman, L. Steinmetz.

The Hopewell-Loudon Chieftains turned things around quickly after losing the first three games of the season. They heard their fans cry for victory and delivered a six game winning streak.

The season also included a memorable 60-58 win over longtime rival St. Wendelin. This was the first win since the 1980-81 season.

In the words of head coach, Herge, "Balance has been the key to H-L's success. With a starting line-up that runs the games of experience and inexperience, the Chieftains have enjoyed considerable success."

Good leadership and continued improvement in the sophomore players have led to a very good season for these men.

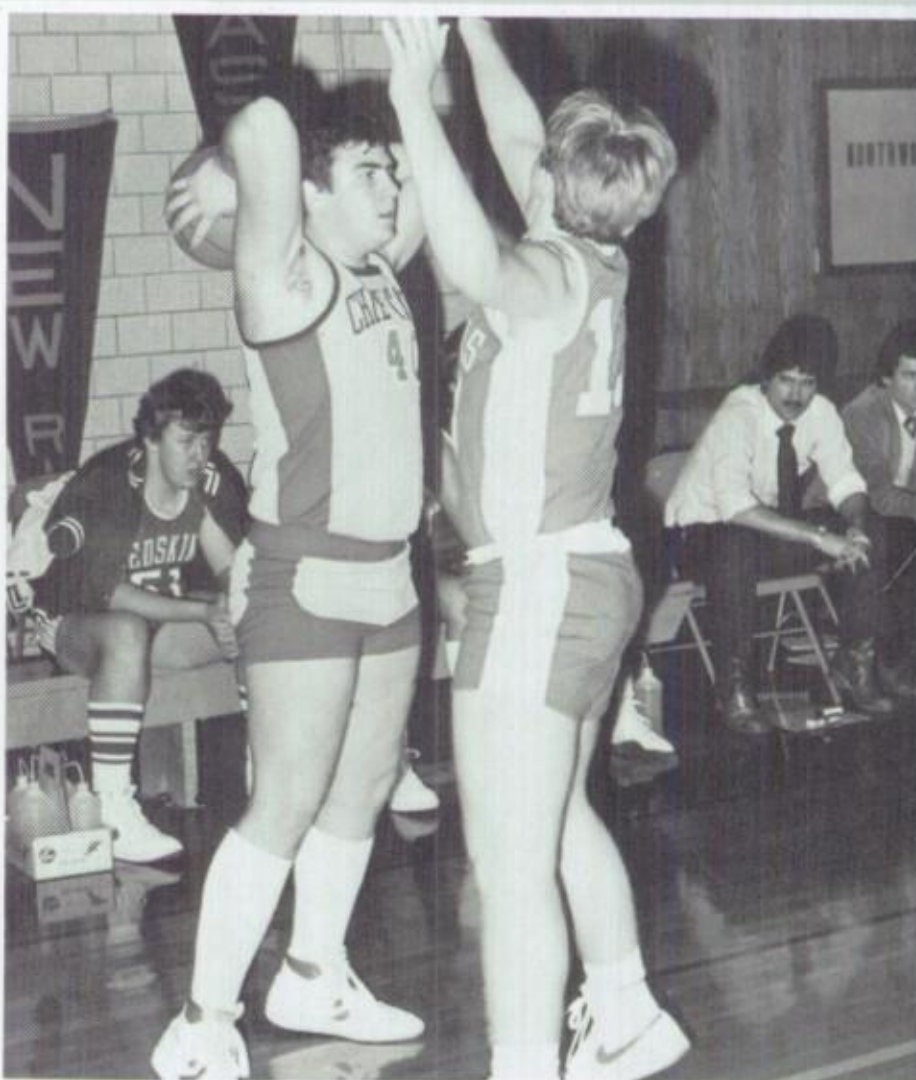

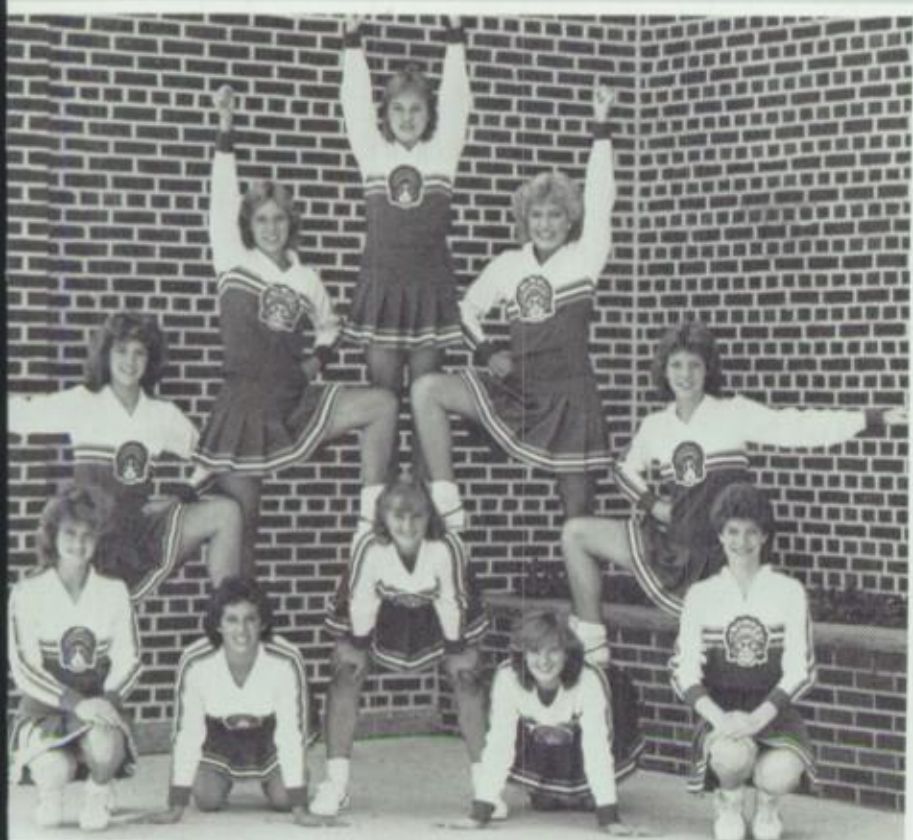

Explaining a new strategy, Coach Snyder gets his point across.

Wrestling

Once again the H-L wrestlers kept up a winning tradition. Throughout the season this group of men had personified the idea of what it takes to be a good athlete. They relied upon good sportmanship and self-esteem throughout the season. Their goals included achieving the rank of eighth in Northwest Ohio for the first time. Also they were named champion at the Gibsonburg tournament. This team was led by the expertise of Coach Kirian, and Coach Smathers. They were also helped by Coaches Macke and Traveline. With strong Jr. High and J.V. teams the outlook for the wrestlers is promising.

Track

The Hopewell-Loudon boy's track team turned in a fine performance this season. They gave their all in every meet. The H-L team is young with only seven juniors and seniors combined.

There were some special individual accomplishments this year. Kyle Hohman was voted most valuable runner and David Hossler was the most valuable in field events. Several team members competed in the district, regional, and state meets. The two mile relay team consisting of; Kevin Sendelbach, Ron Ardner, Tim Souder and Kyle Hohman made it to regionals. Kevin and Kyle also made it in individual events, the two mile and 800 meter dash respectively. David Hossler was fortunate enough to make it all the way to state competition in Columbus.

The team, coached by Mr. Picciuto and Mr. Mayes certainly has a lot of accomplishments under their belt and it seems that there are many more to look forward to.

Achievement Glitters

The girls track team turned in an outstanding performance this year. The girls destroyed everything in their path with a record of 10-0. They saw 10 of their girls compete in regionals and 2 went on to state. Karen Brickner and Shelly Wise competed in Columbus in the 100 meter, 200 meter dash and the 300 meter relay respectively. The girls also rewrote the record books, breaking every record in sight. These super athletes also won the Shultz Relay and the SCI, LSC-the last to be run.

These girls were coached by Mr. Crandall and captained by Karen Brickner.

Tremendous effort was put forth this year by the H-L girls and their numerous achievements prove that it was well worth it.

It appeared that every new strategy the Lady Chieftains tried struck out. One highlight of the season was the improvement of the fundamentals of the team. Next year will bring more encouragement for our underclassmen.

Yearbook

When Miss Monica Goetz joined the staff of Hopewell-Loudon she became involved in FHA as an advisor and as advisor of the annual staff. The first task was to organize the filing and record keeping of the yearbook. With the ad contracts orderly arranged the staff was able to raise about \$6,000 a year to pay for the book which keeps the students cost at a minimum. She also improved the quality of the yearbook by conducting a summer course and attending workshops with students.

Monica left H-L's staff to further her education at OSU. Many of us miss her and would like her to know that she has captured the respect and admiration of the annual staff.

Developing a yearbook is not an easy task because of the differences in opinions and personalities. Although it is hard work, the annual is exciting and rewarding. The book's purpose is to record the history of that year and also entertain the reader. An annual staff member must be hardworking, creative and dedicated to the common goal of completing the yearbook. Like many activities there are also fun times and happy memories. One has the opportunity to work with and meet many different people in school and in the community as well. Come join the fun on the annual staff.

A Golded Harvest

Learning to do, doing to learn. Earning to live, living to serve. This phrase holds the basic philosophies involved in the Hopewell-Loudon Future Farmers of America.

At their annual awards banquet, the FFA members came together to herald achievement and honor those deserving. Some special awards for the night included: the Dekalb Award presented to Bryan Schalk, the State Greenhand presented to Kevin Brickner, and the State Farmer was presented to Rocky Brickner.

The evening was also enhanced by speaker Blake Fofrich, the Northwest Section Vice President. He spoke to the members about success and methods to achieve it. All enjoyed his presentation.

FHA

The Hopewell-Loudon chapter has really grown in the last few years through accomplishments. This past year, many girls achieved special recognition. Six members received their State Degree which is the highest in a series of degrees that an FHA member can receive.

The members were also strong in regional and state competition. Kelley Babb and Mona Sayre received I's at both regional and state in the Chapter Activities Manual and Illustrated Talk. Laura Brickner received a I at regionals and a II at state in Consumer Decision Making. The chapter also received the Award of Merit. The H-L chapter was also very proud to have the State FHA President, Karen Shriner. Karen put in many hours and sacrificed much for this honor. In her own words, "It has taught me so much and was all worth it."

Forever Golden

As the 1984-85 school year comes to a close, friends and fellow classmates share future plans. Whether their plans may be a summer job, college, or just enjoying the good old summertime, the future will be a new and exciting experience.

With each year comes equal amounts of successes and failures, good times and bad memories worth saving and those best forgotten.

Whether this past year was a happy and successful one or perhaps one filled with failures, these events will be the joyous memories that each student will carry with them throughout the years to come.

One's school life is what one makes of it. Being positive in one's thinking and holding on to the dreams that may someday become reality is what makes each individual his own person. For many of the Hopewell-Loudon students there are still several years of school to look forward to, to use and develop as one chooses in order to reach one's highest potential and expectations.
